

Origins-USA.org

MISSION

Origins-USA is working to protect the natural right of mothers to nurture their children. Origins-USA envisions a society where mothers receive the support they need to nurture their children. If mothers and children cannot remain together, children should be provided stable living arrangements that honor and maintain their connection to their natural families. Origins-USA (also known as OriginsUSA, Origins-USA.org, and OUSA) is not affiliated with any other group, organization, or entity.

I WANT TO JOIN OUSA!!

Name: _____

Email: _____

Phone: _____

Address: _____

City, state, zip: _____

How were you separated by adoption?

- Mother who lost child to adoption
